

Roman Ahmad

Peshawar, Pakistan | Email: roman.ahmad@example.com | Phone: +92 300 1234567

PROFILE

Computer Science student interested in Artificial Intelligence and Machine Learning. Familiar with Python, data analysis, machine learning, and basic web development.

EDUCATION

Abdul Wali Khan University Mardan

BCS Artificial Intelligence | 2023–2027

SKILLS

Python	Machine Learning	Artificial Intelligence
Pandas	NumPy	Scikit-learn
SQL	Git	GitHub

EXPERIENCE

AI/ML Intern — DHC

Worked on beginner-level AI/ML projects including document intelligence, machine learning pipelines, and data preprocessing.

PROJECTS

AI Document Intelligence

Built a Streamlit application that uploads PDF documents, extracts text, identifies Invoice/Resume documents, and extracts basic information.

Telco Churn Prediction

Developed a machine learning pipeline using preprocessing, Logistic Regression, Random Forest, and model tuning.

Speech Recognition

Worked on a basic speech recognition project using Python.

CERTIFICATIONS

No certifications listed.
